Dear Sir:

I know you are wondering what has happen to me ?
Well I am still in Houston waiting for my car to get repaired.
You see when I had the misfortune last week in the down pour
here, I broke two of my rods in my car. I so happens that
you cannot get rods unless you give one in return. Well the
only place in town that will sell them to you out right is
the Buick company (there is only one here). They donot have
any on hand but are expecting some in their supplies when
they get here from the factory or where ever they get their
supplies. You know that train tie up has stopped everything
down here and they don't know now when they will get them in.
However I am sure it won't be long. I would catch the train
but it is pretty hard to get transportation out of here and
beside I have spend quit a bit of money getting the car ready.

I am sorry but I will get there as soon as I possible.

Luck this week in the games in the Stadium and with
Philadelphia. Hello to the fellows for me.

Yours in Sports
Pat Patterson
